

Dear Parents

The essence of education is to help you discover your uniqueness, Teach you how to develop it, and show you how to give it away. – Leo Buscaglia

With the implementation of the National Education Policy 2020, there is a noticeable shift towards enhancing skills and equipping students with 21st-century competencies. Our school, guided by the motto 'Aham Yoga Asmi', provides students with ample opportunities to nurture their talents through diverse activities. These activities not only allow students to explore their personal interests and hobbies but also facilitate skill development, leadership, and social interaction, fostering confidence and independence among students, which emphasizes holistic development.

The school has been partnering with various organisations, which are working in the field of upskilling students and working with them to kindle their latent talents. These are the paid club activities open for the students of classes VI to VIII and are COMPLETELY OPTIONAL. The Revised details of the paid Club Activities are given below:
