PRIVATE TRANSPORTATION
NURSERY TO XII

Dear Parents

“Safety of students is our utmost priority”

The school is committed to the Safety and Security of its children. We have always endeavoured to provide your ward with a secure environment in the school. This is, however, not possible without your co-operation. We would like to remind you of a few points that have already been mentioned earlier.

1. If your ward travels by a private van, please ensure that the van is well maintained, and is running on CNG and NOT on LPG. The van driver must have a valid driving license. Overcrowded vans are a threat to your ward's safety, hence, try your best to have your ward travel by school bus. You should also ensure that you have the telephone number and other contact details of the owner, driver and the details of the route covered by the van. In case your ward travels by private transport, please fill in the undertaking and send it back to the Class teacher latest by **Monday, 07 April 2025**.
2. We request you not to park your vehicles in front of the school gates. We would like to reiterate that the gates are the area from where students and buses enter and disperse, thus it is necessary that the approach to these gates must be kept free.
3. The area around the school is a NO HORN zone. We request you to refrain from honking in the vicinity of the school.

As role models for the students, it is imperative that we as parents and teachers conduct ourselves in a way that is exemplary.

Warm regards

(Mallika Preman)
