

Dear Parents,

Career decisions play a pivotal role in shaping the future growth and development of students. In today's environment of multiple options it becomes imperative for us to equip our students with skills which will help them settle a vocation of their choice and stride towards success. One of the steps towards the same is giving them a chance to get hands-on experience in the profession of their choice. The Summer Internship Program is an endeavor to provide the students with an opportunity to work with prominent surgeons, engineers, architects, lawyers and many other eminent professionals. The students will be introduced to various professions to enable them to get an insight into their career in the future. This year, we are introducing internship opportunities in the month of June for students of classes X, XI & XII.

Application Timeline

DATE	EVENT
Monday, 21 April 2025	Internship instructions mailed to the students with details of internship offers from the industry
Thursday, 24 April 2025	Submission of Applications for internship (No applications will be accepted after this date)
Tuesday, 29 April 2025 onwards	Interview with Principal for internship. (Students must conduct detailed research on the professional/ organization/ industry of the internship chosen by them before interview)
Friday, 09 May 2025	<ul style="list-style-type: none"> • Internship training session. • Students can contact employers. • Email confirmation due from students and their parents regarding accepting internship
First fortnight of June 2025 *Subject to change as per availability of the employer	Duration of internships. Length of each internship decided on individual basis.

Application Instructions

A list of internships available will also be mailed. Students must choose two industries, list them in order of preference in the application form and complete the short essay questions.

- The students must submit their **CV / résumé**, which should be **no longer than 2 pages**. It must include the student's class IX CGPA and Class X Pre Board exams (aggregate and subject- wise), their personal details (date of birth, address, **contact details**) and language proficiency. Students must also list their notable involvement in co-curricular activities, achievement and awards.
- A **one-page Statement of Purpose** outlining your motivation for applying and what you hope to gain from the internship.
- For creative internships (designing, film-making, writing), please also submit a sample of your work.
- **If a student wishes to do an internship in a field not covered in the list, they must contact Ms Arti Anand (artianand@tagoreint.org) to discuss the alternative possibilities.**
- Please note: We will be unable to organize internships with Doctors, Pilots, the Armed Forces, Artists/Painters, most MNCs, News channels (due to child labour laws), United Nations agencies (due to internal policies), and high-level Defence Science research organizations or the fields where virtual mode is not possible.
