

Dear Parents,

With ever growing interest of students in Media and Film making, it becomes imperative for us as educationists to ensure we impart them with the right skills so that we can help our students realize their dreams. With this thought in mind, Tagore International School, East of Kailash, is proud to host a 2 day AI-based Media Literacy Camp partnering with CHINH (www.chinh.in) an Early Education Web Channel on **Monday, 19 May 2025 and Tuesday, 20 May 2025, from 11:15 am to 01:15 pm**. The aim of the programme is to give students a hands-on experience in media and to help them explore the power of media in making a vibrant and inclusive society, where everyone has a say and can voice her/his opinion on diverse matters.

The programme will have sessions by experts from the field of media and filmmaking. Meenakshi Vinay Rai, the National Awardee Filmmaker, with 41 International & National awards to their credit and the founder of CHINH India, will be conducting sessions on the nuances of filmmaking. In the two day camp students will be exploring and learning AI-based apps for motion development apart from FILMMAKING SKILLS.
