CIRCULAR
Basic & Standard Mathematics - Class X

07 July 2026

Dear Parents

CBSE offers Two Levels of Assessment in Mathematics in Class X - Mathematics Standard and Mathematics Basic (curriculum being the same, the assessment of Basic Mathematics will be of an easier level as compared to Mathematics Standard).

Kindly note the following points regarding Math Standard and Basic:

1. A student will have to choose between the two levels of Examination - Mathematics Standard or Mathematics Basic for Class X Board Examinations. The syllabus, classroom teaching and internal assessment for both the levels of examination would remain the same.
2. Students can choose according to their aptitude and ability.
3. The Mathematics Standard is meant for students who wish to pursue Mathematics in +2 level whereas Mathematics Basic will be for students who are not keen on pursuing Mathematics at +2 level.
4. The school will conduct two levels of assessment during the pre-board examination.

Students will have to make a choice to opt for the level of Mathematics they would like to appear for in the Board Examination in 2027. The same has to be submitted to CBSE at the time of submission of the list of Candidates (LoC) by the school in September 2026. We request you to discuss with your ward her/ his choice of Mathematics Standard or Basic for Board Examination-2027 and submit the consent form by Wednesday, 22 July 2026. No request for a change will be entertained once you have submitted your ward's preference.

Warm regards

MALLIKA PREMAN
